## ACTIVITIES IN PANDEMIC

In August 2021 a deadly virus named – corona, again came in our country and have created trouble for all human beings, after nationwide lockdown. It became worse situation for poor people, those who earn on daily basis and live in other state for livelihood, due to lockdown everything had been stopped and without transport they can't able to reach their hometown and where they live there is lack of food and other basic needs. So our team has started an initiative for help to needy people in Covid pandemic – in rural and slum areas people have wrong information about corona virus – they believed on wrong rumours and they scared off too much so our volunteers through various ways spread right information about its precaution and what to do for be safe from this virus.

# OUR SOCIAL ACTIVITIES

## EDUCATIONAL AND SPORTS ACTIVITIES

We provide free education to needy and poor students, provide them necessary facilities like study materials, clothes and food. In our society child labor is a big problem. At an early age children go on work, because of bad financial condition of their family. Some parents don't give importance to educate their child, they think Education can't feed them. Our team from organization's inception working for upliftment of education standard in our society, and every year we educate deserving children as possible as we can. It helps people become better citizens, get a better-paid job, shows the difference between good and bad. Education shows us the importance of hard work and, at the same time, helps us grow and develop. Thus, we are able to shape a better society to live in by knowing and respecting rights, laws, and regulations. Higher levels of education are associated with a wide range of positive outcomes – including better health and wellbeing, higher social trust, greater political interest, lower political cynicism, and less hostile attitudes towards immigrants. Our team of youth volunteers visit those places where too

**much lack of awareness and try to convince their parents to send their children  
for study every year.**

## CLOTHS AND FOOD DISTRIBUTION TO NEEDY PEOPLE

### ACTIVITIES

Realizing how challenging the freezing cold winter can be for the most vulnerable, FULMINARE SOCIAL HELP FOUNDATION is gearing up to provide all support services to those on the streets. The foundation has already started distribution of good quality blankets to protect the homeless and the needy and this effort will continue till January 2020. As the demand for blankets is increasing further, FULMINARE SOCIAL HELP FOUNDATION is appealing to all those who can afford to donate even one blanket to come out and support in spreading warmth to the people.

**This year, winter knocked on the doors of north India a bit early and expected to be harsh and FULMINARE SOCIAL HELP FOUNDATION is trying to ensure all individuals who do not have access to home stay warm and comfortable throughout the season.**

## **RATION IN COVID-19 PERIOD DISTRIBUTION ACTIVITIES**

**We all wish we could do more to support underprivileged serious patients facing challenges and their caregivers, beyond our prayers.**

**Sometimes, the family members of serious patients do not have time to look after themselves, not even have the time to have food, which is the basic necessity as they are always around taking care of their close ones.**

**Majority of the underprivileged patients admitted in Government hospitals are those who come from nearby states are often poor, in several cases family members decide to stay hungry to save money.**

**FULMINARE SOCIAL HELP FOUNDATION serves free, but wholesome, food to families of underprivileged patients in the Govt. Hospital and also for the children who come from**

## SELF EMPLOYMENT TRAINING

FULMINARE SOCIAL HELP FOUNDATION are non profit institutions established with the support of State Government and Central Governments. The objective is to generate self employment in rural areas through training for capacity building and by facilitating settlement in vocations. 60% of candidates trained in FULMINARE SOCIAL HELP FOUNDATION belong to 'Below Poverty Line (BPL)' category.

FULMINARE SOCIAL HELP FOUNDATION are imparting comprehensive quality residential training programme in personality and skill development areas to rural youth free of cost and facilitating them in settlement in vocations. More than 5 lakh candidates have been trained by SBI FULMINARE SOCIAL HELP FOUNDATION over a period of 7 years of which 67% have been successfully settled in gainful employment.

Settlement is facilitated by enabling follow up of the trained candidates, for a period of 2 years, to launch profitable micro enterprises either with or without credit linkage from financial institutions. Also, they are facilitated to secure wage employment in their skill areas elsewhere.

The duration of the programmes ranges from 10 days (80 hours) to 30 days (200 hours). Training programmes are usually decided by the Institute based on the locally prevalent traits and potential demand for the products/services.

## Covid-19 Awareness

Covid-19 Pandemic Relief Activities organized by "**FULMINARE SOCIAL HELP FOUNDATION NGO**" at **Rohtas** district in **Bihar** state. COVID-19 has emerged as global pandemic affecting almost the entire globe. This has tested public health preparedness to the optimum level even in developed countries who are still struggling to deal with the situation. In India as on 08-04-2020 there were 5171 active cases of COVID-19. The COVID-19 has created fear and made us realize how bad this can turn out to be for the poorest, for those who will lose their livelihood, or those who wouldn't know what to do to save themselves when the virus has reached someone close to them. It has also put additional strain on the already challenged healthcare system.

Awareness programs on COVID-19 were conducted in all the adopted villages during lock down and Corona period to control the spread of pandemic disease in adopted villages. Through intensive visits about 500 villagers and migrant workers were provided mask and sanitizers. The method of immunity boosting were demonstrated among rural resident through medicinal kadha preparation, tulsi extract and yoga practices. Saplings of Giloe, Bramhi, Tulsi, Butch, Piper, stevia were also distributed free of costs to the villagers for kitchen gardening and for domestic uses. Migrant workers were also motivated for yoga and ayurvedic kadha. During this pandemic, our organization "**FULMINARE SOCIAL HELP FOUNDATION**" was told about the measures to avoid the epidemic and all kinds of steps were taken to spread awareness among the people and to wash hands from time to time, maintain social distancing among the people. Advised. Along with this, free distribution of dry ration, mask, hand sanitizer was done among the people.

## Skill development training to youth

Skill development training for youth organized by "FULMINARE SOCIAL HELP FOUNDATION" Non Profit at Rohtas district in Bihar & other state. Skill development Training is a process of identifying your skill gap and ensuring you develop these skills. Your skills determine your ability to execute plans and achieve your goals. Skill development and training is an integral part of an employee's life. Basic education and theoretical knowledge is not enough for making a good carrier in today's time for youth. They need to develop their skill in any sector like hardware, software, electric or electronics, so we are running a computer institute for needy youths, where we provide all types of software and hardware courses related to computer like – Ms office ( Word, Excel, Power point), Tally Erp 9 and DTP . In rural areas lack of awareness about digital education, competitive environment among youth for getting a job, our institution is working to solve this problem. From computer training centre's inception we have provide eighty youths – boys & girls free basic computer education and is continue.

## Rural                      Development Activities

Rural development activities organized by NGO "FULMINARE SOCIAL HELP FOUNDATION" at Rohtas district in **Bihar and other** state. The term rural refers to or is characteristic of the countryside rather than the town. Rural development is the process of improving the quality of life and economic well-being of people living in rural areas, often in relatively isolated and sparsely populated areas. Rural Development is the process of improving the quality of life and economic well-being of people living in rural areas, often relatively isolated and sparsely populated areas. Rural Development has traditionally centered on the exploitation of land-intensive natural resources such as agriculture and forestry. However, changes in global production networks and increased urbanization have changed the character of rural areas. Increasingly tourism, niche manufacturers, and recreation have replaced resource extraction and agriculture as dominant economic drivers.

state. The "FULMINARE SOCIAL HELE FOUNDATION" as an NGO for women care and empowerment in Bihar state has been encouraging women by giving those scholarships, establishing degree colleges for women, teaching vocational courses etc. In Indian scenario, it is important that women are liberated from their traditional inhibition and taboos imposed on them and play a pivotal role in a growth of the family and society. It would not be wrong to say that if the women in our country are educated and promoted they would catalyze the social growth in our country.

## Plantation and cleanliness

Education Development Activity organized by "FULMINARE SOCIAL HELP FOUNDATION" at **Rohtas** district in **Bihar** state. The president of the organization, told that there are many reasons behind why tree plantation is important. One of the main reasons is that trees provide life-giving oxygen, without which the existence of mankind is not possible. The president of the organization, appealed to the people that they must plant a tree in their lifetime and take care of it. The members of the organization inspired people to protect the environment by planting trees with their own hands to do this sacred work.

Cleanliness campaign in India that aims to clean up the streets, roads and various infrastructures of the Indian cities and the rural areas. This cleanliness drive is being carried out to pay a tribute to Mahatma Gandhi who had envisioned India as a clean country free of unpleasant sites and diseases. The main moto of this cleanliness drive is to achieve a disease free India.

service is the biggest religion

Organization head office and member meeting room

## MISSION

To empower underprivileged children, youth and women through relevant education, innovative healthcare and market-focused livelihood programmes.

Deploy best possible methodology and technology for achieving ideal SROI (social return on investment). to practise and promote good governance.

To link business competitiveness of the corporate with social nt initiatives. development

To sensitize privileged children, youth and citizens in general to promote Civic Driven Change.

## LIVELIHOOD

Before the advent of COVID, our Smilo Twin o Learning Program (STeP) focussed on skilling underprivileged youth in sectors such as retail and hospitality. Due to the pandemic, these sectors took a huge hit. Thus, we had to realign the program to make it suitable as per current job market

As a result, we are now training youth to gain employment in sectors like healthcare, digital marketing, and e-logistics. A large number of our students in the last year have completed their training successfully and also got placed.

## EDUCATION

The pandemic inspired us to introduce blended learning at our Mission Education centres through the Shiksha No Ruke campaign. We have done our best to ensure that the education of vulnerable children continues despite the disruptions caused by COVID. Many of these children are not able to afford smart devices and data packs. We have aimed to provide these to as many children as possible to ensure a seamless yet interactive learning process for them.

## LESSONS LEARNT AND UNLEARNT THROUGH THE PANDEMIC

This year has been full of ups and downs, and some terrible lows. But the resilience we see all around us is a reason for hope. The challenges we are facing now are showing us what we are truly capable of in the hardest of times, and this is the biggest learning the pandemic is giving us.

We have been made to see that there is more than one way of doing things. In the face of tremendous hardship, humans can evolve, grow, adapt to make the best of any situation, and keep pushing forward.

## EDUCATION IS LIFE CAMPAIGN

FSH Foundation works to provide education to underprivileged children, every year since the establishment of 2020, according to 5000 students till now, 15000 students have been given copy, pen, geographic map, general book with free classes under the mission of education is life. Distribution is done, whose real benefits are being seen in the rural areas of Bihar, a hope has arisen among the parents of the children inspired by this mission, who were unable to give education to their children.

ENVIRONMENTAL PRESENTATION

## About Us

Plants and water are the saviors of us and future generations .

Education is the basic right of all us, and we will continue to achieve it .

FSH Foundation is emphasizing on the construction and conservation of pokhara to make the barren and drought-prone places green in rural areas, so that the farmers do not burn the stubble, for this they collect the stubble and make fodder for the cattle in every village. Our team is active to make facilities available, and extends all the modern equipment,

## Campaign To Save Water in Rural Area

Fulminare Social Help Foundation with the help of its members, in small rural areas, there is a lot of water shortage in the summer season, so many animals sacrifice their lives due to water, even humans are not able to get water far and wide, On this problem, the Foundation is getting the work done for water harvesting in its areas instead of ponds, wells, in which the rain water gets accumulated till the whole summer, to complete this campaign, the big farmers of the area help the small farmers financially. Being completed by this campaign, along with thousands of animals and birds, humans will also be greatly benefited!

SAVE ENVIRONMENT IS OUR FIRST PRIORITY

## Rural Health Campaign and Emergency Help !

We all know that Bihar is very backward in education, health and development, due to this the people of the state are surrounded by many problems, the poor people of the state can live by compromising on education and development, but by compromising on health, Can't live, that's why today many children in Bihar are suffering from malnutrition, and every day people lose their lives due to lack of health, we are very much affected by this problem, due to which FSH Foundation 2020 in the time of COVID Since then thousands of camps have done the work of reducing the pain of people a little bit, and many poor children have been admitted to the hospital and provided better treatment, and further FSH Foundation is moving forward to build a modern hospital in rural areas, Till now, the members of the Foundation lay emphasis on awareness of the families and localities along with health assistance to the children suffering from serious illness in the rural areas, till now the Foundation has directly benefited 8000 afflicted and helpless families of the area.

## Hungry Children !

Today, due to increasing unemployment and poverty in the state, rats are searching in the soil to satisfy their hunger in 45 ° temperature, such a picture is very unfortunate in today's life, because these people are far away from this modern life, because their Don't have education. There is no money and there is no resources due to being the most backward state of the country, so the children of millions of families here become victims of malnutrition due to lack of adequate upbringing, due to the hard work of our members once a week clean and We are able to raise nutritious food for these people, because the FSH Foundation has not been able to benefit people much due to financial constraints, till now whatever our cook does in a week, it depends on the big farmers of the country.

Bihar's Rural Development Minister Shравan Kumar helped in further expansion by evaluating the works in the FSH Foundation's office.

## Save Bird Campaign

Birds have a big role in keeping our nature clean, but today due to human selfishness, birds are becoming extinct from the earth, the place is dying due to electricity, their habitat forest is being uprooted, due to which the bird is ending. By running a campaign on this initiative, the FSH Foundation is planting factory-made nests on the trees and plants in the village streets, so that birds can at least save some of us, this campaign was started last year in 2022 Till now 13000 nests have been planted, further this campaign will be continued!

## Rural Development Campaign

Bihar is the most backward state of India, the people of the village are sad because even today, due to lack of road system in Bihar, people are not able to give good education to their children, because the child has to face a lot of problems in going to school. On this initiative, FSH Foundation built small bus electric pole bridges in the villages of its area with the help of the villagers and due to the deadly potholes in the village roads, it remains filled with water in which many cyclists fall. Due to which they suffer financial as well as physical loss, on this initiative every Sunday the foundation along with the members of the rural roads fills the potholes on the road, with this campaign, 215 km of roads have been repaired so far in one year. Yes, for this campaign to continue further, the foundation makes people aware so that financial help can be collected!

## Global Warming And Environment Save expo - 2024

FSH Foundation has so far organized the biggest human chain campaign on increasing global warming, to make this campaign successful, the people of the area participated in large numbers, the main objective of this campaign is to stop the increasing natural disaster on the earth, through this campaign. A direct message was given to the people in the state that now is not the time, work will have to be done on all aspects to save the earth from this time, through this campaign, the foundation of Global Warming Expo was laid in 2024, in this expo all types of environment related Tableaux will be presented,

## Animal Feed Campaign

In the hilly drought-prone areas of the country, there is a lot of shortage of grass for animals, due to which many animals die due to hunger, on this problem, FSH Foundation collects the waste left behind by the farmers and prepares fodder for the animals. With the help of this initiative, farmers do not even set fire to the fields, and stray animals also get fodder, since 2021 till now 12000 kg of fodder has been produced, due to which food has been made available to thousands of animals. This campaign is the biggest and necessary campaign so far, and for this to be done further and on a larger scale, preparations are being made on a big project, in which 10000 kg of fodder can be produced every year!
